| Review of lectures' qualifications and teaching methods / ability. Introduce quality assurance procedures as in other universities. | teams handle the comments. | | | | |
|--|--|----------------------------------|---|---|--|
| ALL subjects must relate to something usable. Everything must be taught at a level, where bridge building is included and applied between practice and theory. In cases of high level of differentiation in a class, the groups must be divided to mix the strongest and weakest students and at other times, the groups must be divided according to level. | The main part of VIA Design's lecturers begin Lecturer Qualifications in 2015 Lecturer Qualifications is a pedagogically didactic competence course. The individual speciality teams handle the comments. | Spring 2015 | Course Managers Speciality responsible Guidance teachers Lecturers | Course Managers hold meeting with speciality teams. Here the teaching methods are discussed. Course Managers inform speciality responsible | |
| Need a full review of the academic level – all subjects. | In connection with the preparation of a new curriculum, subjects and ECTS points will be re- evaluated in all specialities. | AP Spring 2015 BA Autumn 2016 | Course Managers Speciality teams | The involved persons have been informed | |

| | More feedback from lecturers is required. More grading or feedback. Grading sometimes help tighten up motivation Preferably more academic standard assessments or "eligibility"-tests at an earlier stage on the BA. Feedback on assignments with constructive criticism – passed/not passed is not usable. | There will be more exams | Will be initiated in the spring 2015 - rollout continuously autumn 2015 | Course Managers | The involved persons have been informed |
|--|---|--|---|---|---|
| Listening to the students' evaluation of the teaching | Assign a tutor as "responsible" for a class. Establish a formal framework for student/lecturer review and follow-up for each class to have a designated tutor for the semester, a go-to person for enquiries/concerns of a study related nature. | The suggestion is presented to the Student Counselling Look into the possibility of expanding the go-to person arrangement, which is present on 1st semester The go-to person arrangement must be more visible | Spring 2015 Spring 2015 | Course Managers Student Counselling Course Managers We evaluate the arrangement in the beginning of 2016 | The Course Managers present the suggestion to the Student Counselling on the meeting on 11 May The Course Managers contact the involved lecturers |
| | Each class would have a student committee | The possibilities and frames for establishing a student council or similar will be initiated | Autumn 2015 | Quality responsible Student Counselling | The person responsible for quality informs the Student Counselling about their role in the task. |
| | They only listen to the one we do with the lecturer in question. Do not answer the same questions for the administration. | The procedure for evaluations and the method for evaluating will be looked at | Autumn 2015 | Quality responsible Lecturers | The person responsible for quality ensures to involve lecturers in relevant places |

| | It is decisive to time it right, so both lecturers and subjects are evaluated on the final day. NEVER before | | | | | |
|---|--|--|--|---|---|--|
| Punctual information about timetable change | Better introduction to timetable and mail function. | The 1 st semester launch group will take a look at the introduction to timetable and mail to see if it can be optimised | Spring 2015 Roll-out autumn 2015 | Course Manager 1st semester structure group | Course Manager informs the 1st semester structure group | |
| | Send text messages to students (the current does not work!). Especially in cases where lecturer is sick. In good time | The lecturers must be encouraged to focus extra on the procedure Via E-mail, the students must be made aware of the importance to update mobile numbers on the Study net. In the future, the students are to be made aware of this on the start-up page | Autumn 2015 | Course Manager The work group about the start-up pages | The Course Managers inform the lecturers and the work groups about the start-up pages An E-mail will be sent to the students | |
| | Better planning, fewer mistakes, double booking of rooms. | The Course Manager optimises together with planning group | Spring 2015 | Course Manager and planning group | The Course Managers inform planning group | |
| | Need of notification of time-table changes | All students must keep themselves up-to-date concerning time-table changes. It is, therefore, important to check the time-table on a daily basis. The students must be made aware of this on the start-up page and during the intro-days | Autumn 2015 | Course Manager The work group about the start-up pages 1 st semester structure group | The Course Managers inform the work group about the start-up pages 1 st semester structure group | |

| The education is well-structured | Remove repeats on BA (from AP) Need a full review of the speciality content, progression, overlap, etc. | Ensure that speciality teams coordinate between subjects and between lecturers – external as well as internal. Speciality teams are also responsible for progression in the education | Autumn 2015 | Course Managers Speciality responsible | The Course Managers raise the subject on the next meetings with the speciality responsible | |
|---|--|---|-----------------------|--|--|--|
| | Problem with lacking communication. Especially in connection with interdisciplinary teaching | The lecturers are made aware of the procedure for communication on the Study net – such as upload of materials | Autumn 2015 | Course Managers Speciality responsible Lecturers | Information on speciality responsible meetings | |
| | We do not know whom to contact in Herning. Would like to have an organisation chart with division of responsibilities | Organisation chart with division of responsibilities will be accessible on the Study net | Autumn 2015 | Course Managers | The persons involved have been informed | |
| Clear information about academic standard expectations to students as students | One platform: Study net. Give us information on the Study net about what the lecturer expects from us | The lecturers will be made aware of the procedure – that communication with students should be via the Study net | Autumn 2015 | Course Managers Speciality responsible Lecturers | Information on meeting with speciality responsible | |
| | Lesson plans for all subjects is a must before start. State clearly on the plan that we have 4 teaching courses and focus on each course is as follows: xx | To be included in the procedure "This is what you can expect your lecturer to inform about on the Study net" – which is accessible on the Study net under Tools | Autumn 2015 | Course Managers | Information on meeting with speciality responsible | |
| | As a student one should be able to see ones marks | This is possible on the Study net. The students must be made aware of this possibility in the future study handbook and in the introduction | Spring/Autumn 2015 | Course Managers 1 st semester structure group | Course Managers inform the group working on the study handbook and the 1 st semester structure group | |

| | | when they begin the education. | | | |
|---|--|---|--|---|--|
| Relevant information about the education is easy to find | Use the info screens put up on the walls! | Students are invited to a workshop with the purpose of optimizing the use of info screens | Autumn 2015 | Course Managers AC-employees | Course Managers inform AC-employees |
| | Better introduction to the Study net. Instruction given on an only NEED TO KNOW basis | Students are offered to participate in 'after class' workshops | Autumn 2015 and continuously in the future | Course Managers Student Counselling | Course Managers inform The Student Counselling about the suggestion |
| | Lecturers need to be better consistent users of the Study net | Lecturers are called in to participate in the workshops | Autumn 2015/Spring 2016 and continuously in the future for new employees | Course Managers IT-Super Users | Course Managers inform IT-Super Users |
| | On the start-up page of the Study net, it should be possible to enter folders from previous semesters. Now it is too difficult when they have been filed. | It will be looked into if this is technically possible. Students are encouraged to save relevant material from teaching themselves. This will be written in the study handbook | Spring 2015 Autumn 2015 | Course Managers IT-Super Users Employees working with the study handbook | Course Managers inform the IT-Super Users and the employees working on the study handbook |
| | Overview document on 1st and 5th semesters. E.g. "Make sure to save syllabuses from your course, as they are continuously updated" Otherwise there is too much of "must do- information", which students do not find out during a busy start-up. | Study handbook | Completed autumn 2015 | Course Managers Involved employees from VIA Design | Course Managers inform the employees working on the study handbook |
| Good IT-facilities at the school | Better intro to printer concerning both placement and function. | Will be written in the study handbook | Completed autumn 2015 | Course Managers | Course Managers inform the employees working on the study handbook |
| | Better information about | Will be written in the | Completed | Course Managers | Course Managers inform |

| what the IT department may, can, and must help us with and when | study handbook | autumn 2015 | | the employees working on the study handbook |
|--|---|-------------|---|---|
| Server (Gerber) reliability needs to be improved. Server often goes down – BIG problem. | Course Managers see to it that the IT department is informed about the problem | Spring 2015 | Course Managers Speciality responsible | Course Managers inform the speciality responsible persons, who contact IT and Gerber |
| If you have a different background than a VIA Design background, you do not know where to go and to whom to address yourself. | Organisation plan with division of responsibility will be accessible on the Study net Study handbook is under construction | Autumn 2015 | Course Managers | |

As a follow-up on the Action Plan, all activities concerning a specific area of action will be entered in the Action Plan continuously. When an area of action is completed, it will also be entered in the plan.

Furthermore, workshops/focus group interviews with students will be held in the beginning of 2016 to see whether the students have experienced an improvement in relation to the areas in the Action Plan.

It is the goal of VIA Design that the areas in the Action Plan in the next student satisfaction survey in 2016 will show a rise of 1-5 points and that the study joy in all specialities is 70 as a minimum.
